We invite you to join with us as we worship God in song, prayer and the sharing of His Word. Our prayer is that this service will meet needs in your life and that you will receive something that will help you in the days ahead. The object of the service for each of us is to worship God together and to receive what He desires to accomplish in our lives. At the close of the service the altar is open to you. Should you desire to have prayer, to be anointed for healing according to James 5:14, or just to share something on your heart, there will be those who will pray with you.
